Dedication

TO HAITI

"The Haiti earthquake will go down in history as one of the most devastating natural disasters of our time"

A helping hand is still a helping hand, no matter how small. In comparison to the massive devastation that consumed Haiti, The combined effort of our High School not only in raising money and provisions to donate, but also in awareness, may have seemed miniscule, but no good deed goes unnoticed. This year we are honored to dedicate our yearbook to Haiti; to the lives that were lost, and to the unheard voices of those still struggling. May each new day be a better day.

June, 2010

Dear Seniors,

As I sit now from a distance watching you get ready to graduate, nothing but beautiful thoughts come to mind. You, the Class of 2010, are the last group of LHS students to have experienced the old high school and with your Graduation, Lawrence is entering a new era.

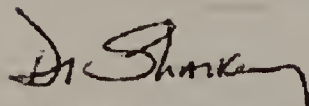

We both remember how the School Year 2006-2007 had to be one of the most difficult school years in LHS history. It's true that you, as Grade 9 students, were able to sleep a bit later in the morning, but then you found yourselves leaving school late in the afternoon at 4:15 when, during the winter months, the sun was setting. You were able to patiently endure sitting in tiny classrooms with 25-30 desks, and eating lunch on a six inch piece of a seat in the crowded cafeteria and then generously giving up your space to another student. But, as a sign of the people you have become, you accepted the conditions then as a price for wanting an education and obtaining success in life.

I loved being your principal then and again as we moved into the new high schools in your sophomore year and I witnessed your adoption of a new school and of new ways of doing school. You made my day each morning as you came into school, and as a class, you never let down. And now it's time to move to the next stage of life.

With all my heart, I hope that you have been well-served by your high school and that you are ready to go on to further training or to college so that you can be comfortable in life ...

- have the good things you deserve and the means for providing for yourself and for the others who will be close to you;
- have the good life so that you love yourself and know that you are capable of doing anything that you set out to do;
- have the good life so that you feel intellectually and socially equal to any other human being and walk with confidence into the next phase of your life.

You are very special young people and it is an honor for me to say that I was your Principal and Headmaster. May you move on to a fulfilling future and may we encounter one another in the years ahead with wonderful stories to tell.

HONORABLE MAYOR
WILLIAM LANTIGUA

Dear Graduates,

Congrats! You should be very proud of your accomplishments. It may have seemed like a long road to earn that diploma, however, remember, it is only one chapter of your long, bright future. I'm proud of you and our Great City of Lawrence is proud of you.

I hope that you follow all your dreams. For some those dreams may be going to College and for others it may be entering the workforce at an early age. Regardless, hold your values close to your heart and reach for the stars. You have such a grand future before you and your high school education is a building block for success.

I only ask one favor of you. Don't forget the Great City of Lawrence. Please experience all that life has to offer, become successful, productive citizens of this Country, but never forget that Lawrence is your home. We need you, we want you and we depend on your involvement to make our city grow.

Best of luck and you are always a Lawrencian!

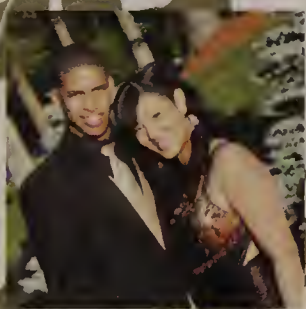

Sincerely,

Mayor William Lantigua

WALK FOR

BREAST

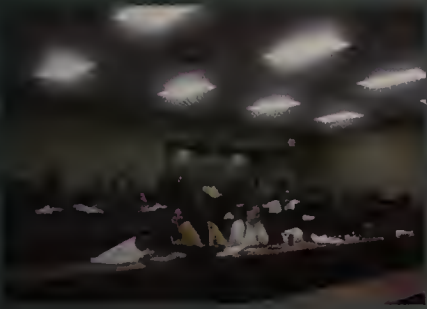

CANCER

The walk for breast cancer was held in October 30th, 2009. This event was held in order to create awareness and to educate both students and staff about the issues of breast cancer. It was very successful. Many students participated in the walk. We were collectively able to donate \$855 to the National Breast Cancer Foundation. Many of those who participated, have had loved ones effected by cancer and wanted to show their support by helping fight the battle.

WE ARE Committed

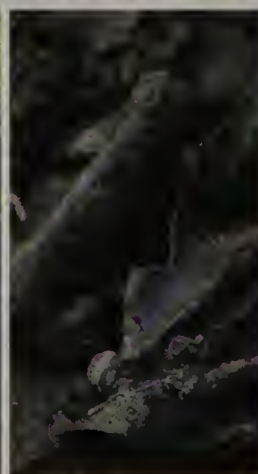

HLD's Class of 2010 entered their freshman year, in a line that sometimes wrapped around the historic 100-year-old school, the last of more than 100 freshmen classes before us. An identity was formed, almost immediately. We were committed, and before white and yellow collared shirts became our daily fashion statement, a t-shirt was our common garb. We were and are committed to each other, to our shared past and the future ahead. Marked by our belief that we are powerful and necessary, to make the change that we see in the world, we set out as a class. The changes thrust upon us became an opportunity to create within an institution a family. At the holidays, we collect food for our neighbors. When others ran out the door after the bell we stayed behind, playing football with our principal, dancing in the hallways, showing our Lancer spirit – on the fields, courts, in the stands. We stayed out in the rain working the grill and the scoreboards, walked for hunger and for hope, we cleaned and cleaned and cleaned our neighborhoods and rivers. We bonded through tragedy, found out what friends are for and how to become the adults we are meant to be.

Who won? AGAIN?

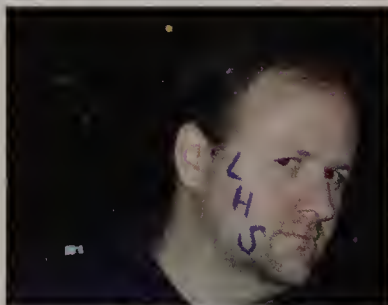

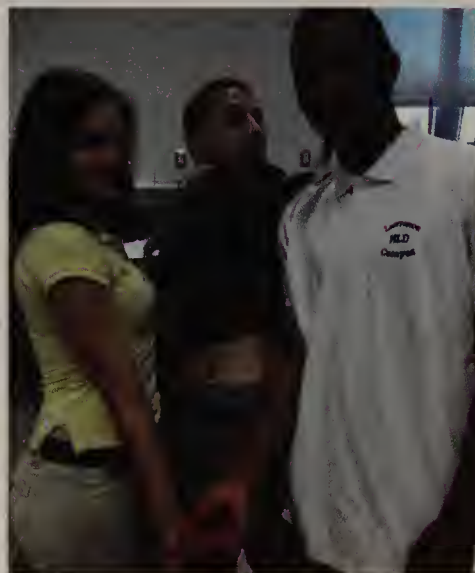

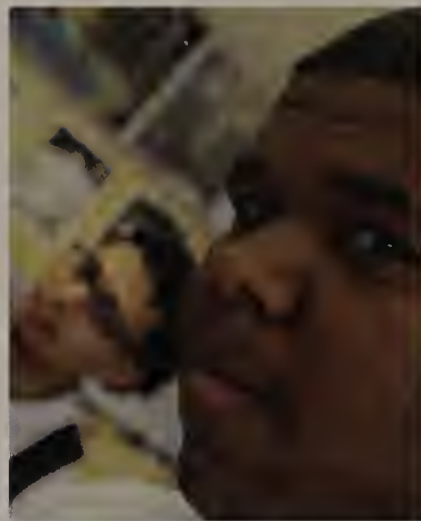

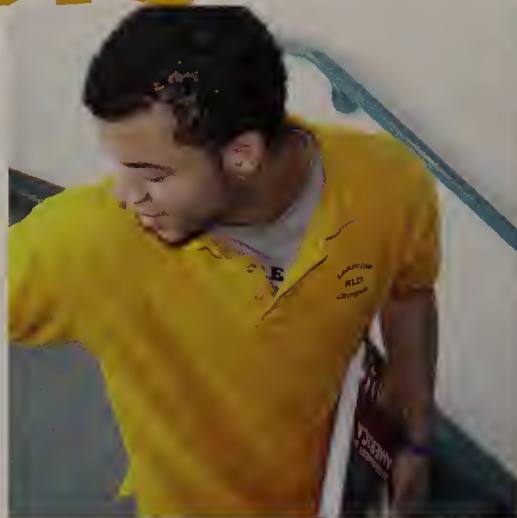

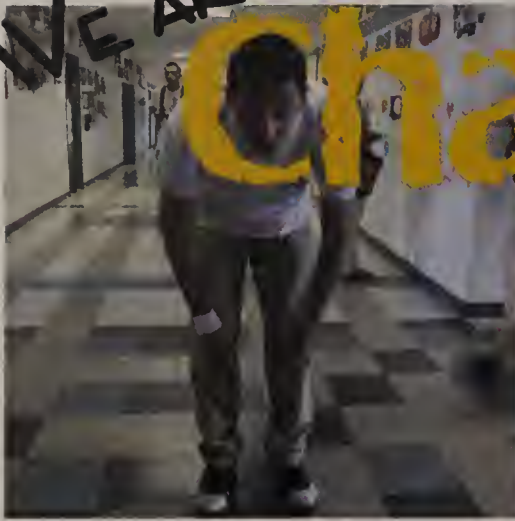

As usual, the students would bring their game faces, but the teachers' would bring their dirty "A - game" to help them out-skill the students; AGAIN!

Look what we found!

WE ARE Characters

body art, short shorts, and Tito in a leotard. Oh My!

There were those days that the tables turned and they allowed us to do the smashing. The pies were gross, but what are they wearing? Hefty bags are so 2008.

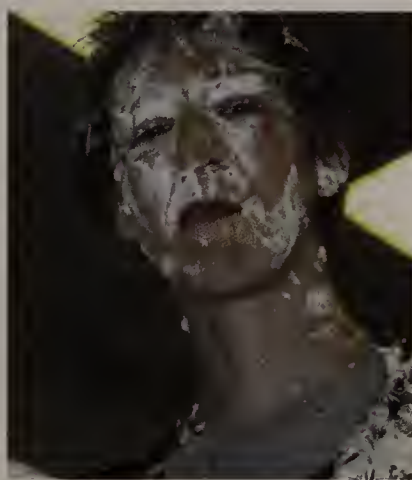

Lance skipped lunch for a week for this. Looks like Mr. Marcinonis was too hungry to share.

GEARHEADZ - 1289

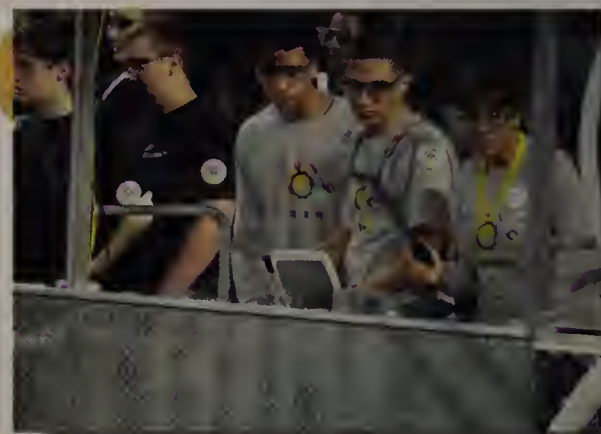

We are the LHS Gearheadz, home to all the students and engineers who find themselves with irritable hand syndrome and the need to build something. Like any team we have our moments where we're family above all else, and moments when it's just strictly business. Building day and night brought us together, producing relationships far exceeding those amongst common colleagues, we failed and succeeded together. We taught each other how to use tools and brought together our creativity when our designs called for them.

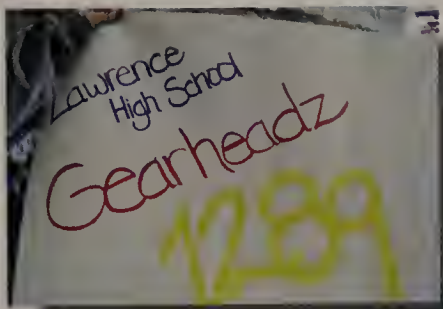

Who says nerds can't have cheerleaders too

"The best part about this program is the interaction between the students and the professional engineers

"But the one thing I've learned from this great experience is that one person cannot make a robot. It takes a team. It takes high interest and high hopes from a lot of high-hearted kids,"

"I didn't realize how much this meant to me until I saw the whole thing put together,"

- Adriel Bencosme

FALL SPORTS Highlights

Lancer Pride was thought to be in jeopardy with the segregation of the academies. However, as the Fall season sports started, the support from the teachers and the students proved the skepticism wrong. With the largest number of sports teams out of the three seasons, Fall sports were full of excitement! The 2009 season brought some of the largest crowds this school has seen in years. Each team had its share of adversities, but managed to pull through feeling accomplished.

LANCERS GO HARD

With few seniors, the Lancers performed well as a young team. The seniors have now left LHS with a fresh young team ready to contend for a championship.

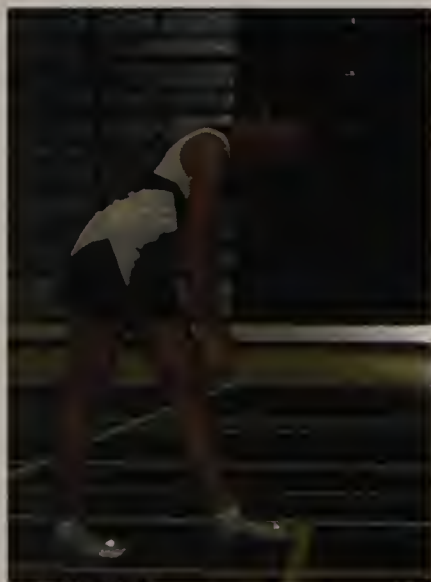

9-11

The boys earned The MVC Champion Title for the first time in 24 years. Individual performances from Francis Nova, and the team efforts from the 4x2 team (Kelvin Severino, Francis Nova, Derek Molina, Elvis Guilamo) went as far as The All-State Meet!

The Girls clinched their first win in a dual meet in 8 years. For the Seniors, it was an emotional accomplishment. The girls 4x4 relay team (Melanie Lilly, Kim Pham, Keyla Rodriguez, Giselle Munoz) broke the school record, and placed 8th in The State Meet.

Wrestling

Varsity Captains
Kevin V, Sebastian J, Hugo D

It's no surprise that the Wrestling team had a great season. For months they sacrificed their blood, sweat, and stomachs for a chance to compete at the highest level.

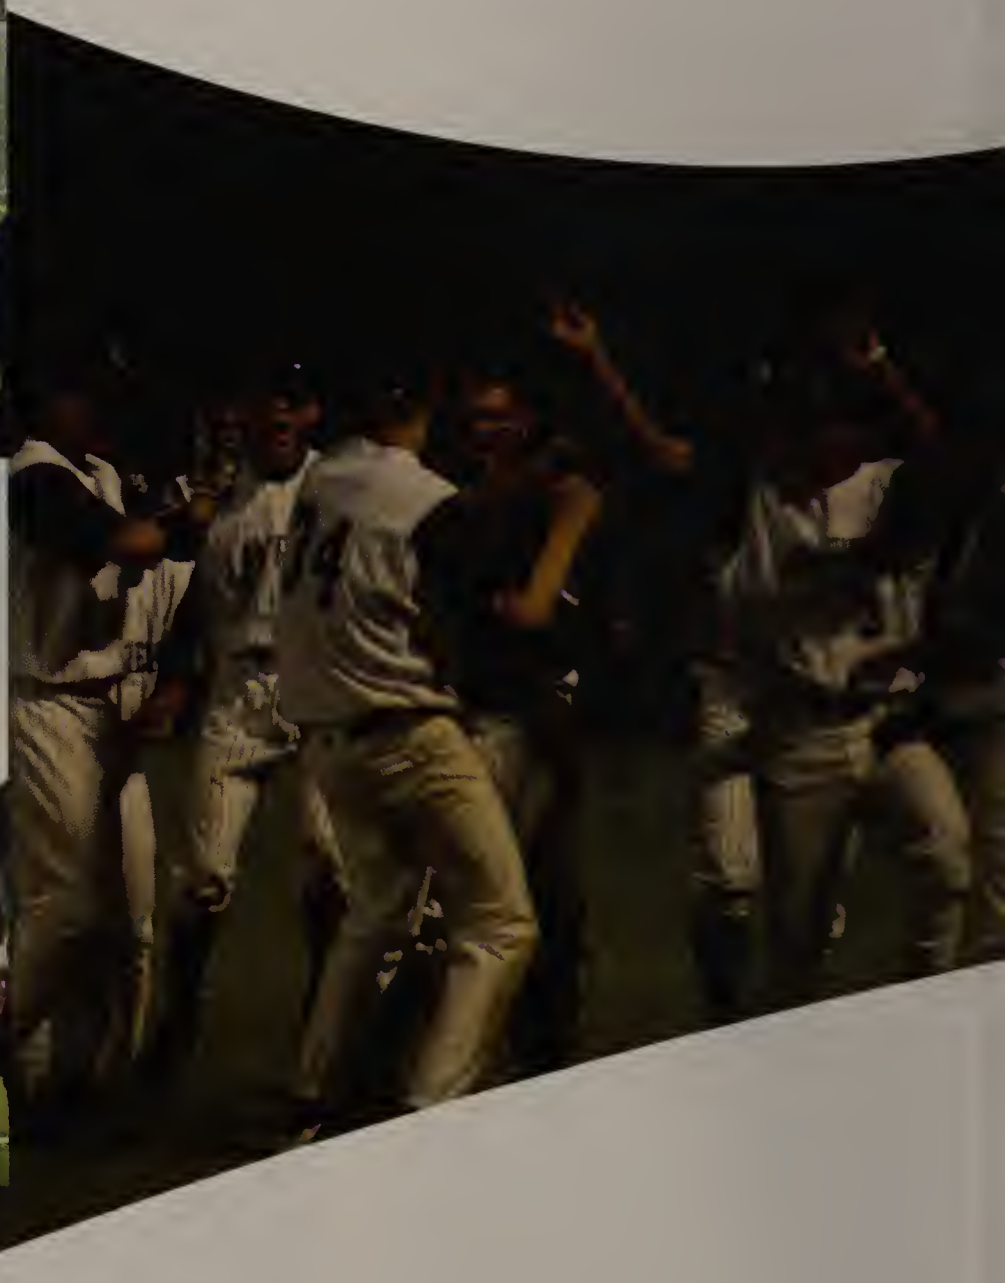

Hugo Dominguez, Kevin Valerio, and Jorge Arquino all made it as far as The New England Meet!

SPRING SPORTS HIGHLIGHTS

The non-stop rain and flooding only kept Spring Season Athletes inside for a few days. Then, it was right back to the fresh air and a new season of athletics. The outlook for each sports team was great and the MVC was buzzing about the powerhouse lineup for LHS Spring Sports!

A stacked line-up of
pitchers and batters,
combined with strong

defense in the out-field made LHS
Baseball a powerhouse. Each intense game
drew large crowds of excited fans!

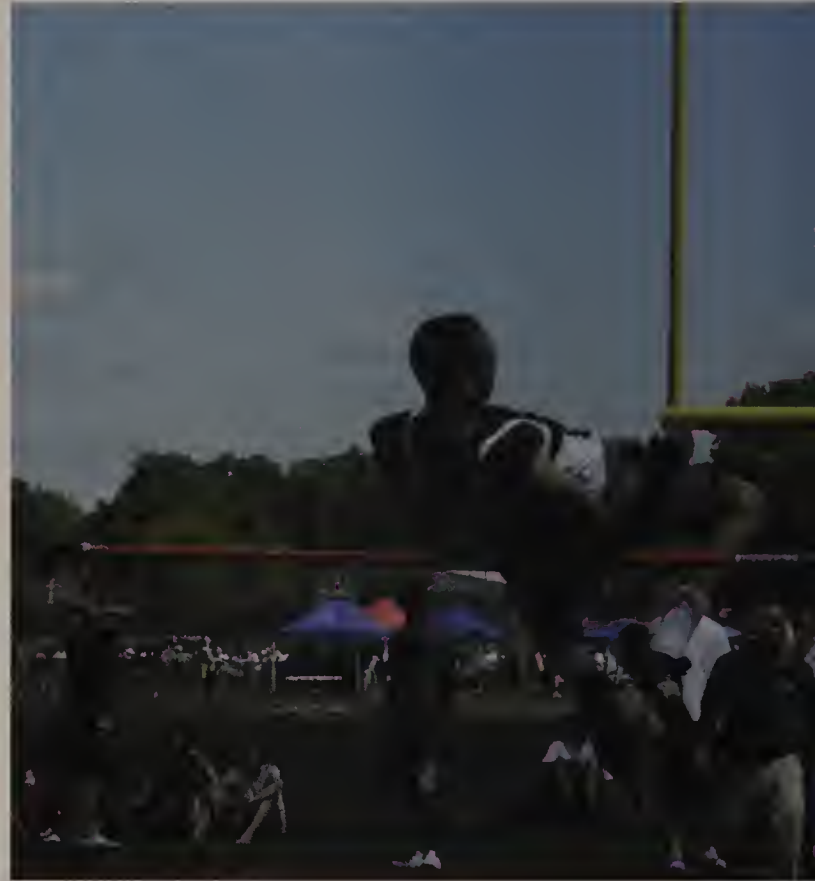

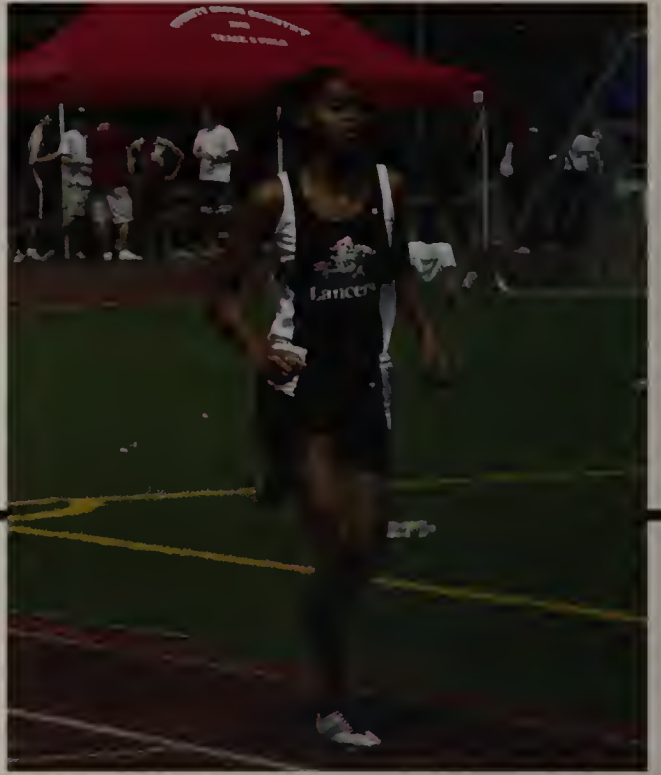

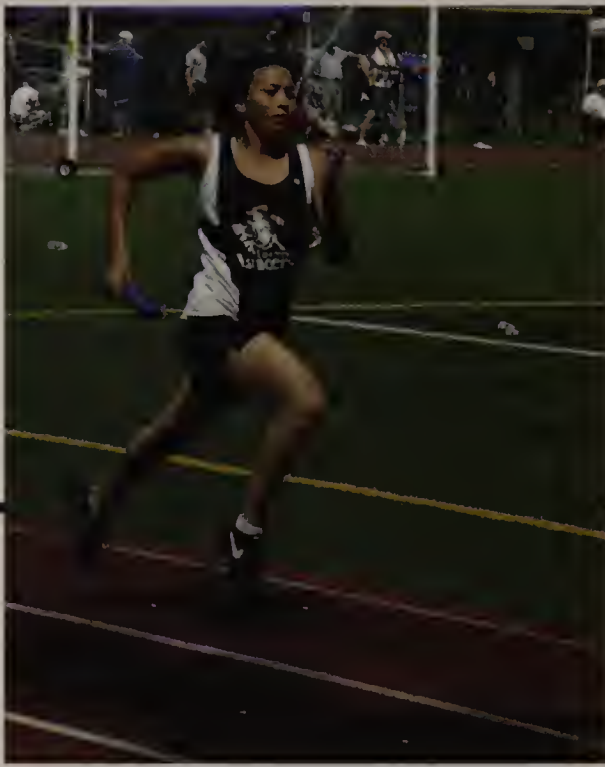

SOFTBALL

After losing a lot of key players from last year, the coaches considered this softball season a "transition season".

It may not have always been sunny, but the Track team would always run, rain or shine! The boys and girls put on one of the best seasons track team has seen in years. With the majority of the runners being Seniors, this was the most important season.

Outdoor Track

V O L L E Y B A L L

Volleyball games have always been an edge-of-your-seat experience, down to the very last point. The team gets stronger each year, and this years line-up was deemed for greatness!

TENNIS

The tennis team brought in much larger numbers than the previous years, and with that a lot more experienced players. They may not have won the league, but the coaches were content with being able to compete with the MVC.
